www.communityunlimited.org

Community Unlimited offers before & after school programs and a six week summer program with free meals and transportation home. We understand the importance of providing a variety of opportunities during out of school time, including tutoring and homework help by certified teachers, curriculum tied to the school day, exciting enrichment and recreational activities and a variety of field trips. CU also partners with the Food Bank of South Central Michigan to provide the after-school pack program. This program provides important food assistance to households struggling to make ends meet. The packs are designed so children can "help themselves". They are filled with nutritional, easy-to-use food items.
